

BELL MTS TERMS OF SERVICE

Your service details, these terms of service and any schedules attached to these terms of service (“**Schedules**”), along with any amendments, all taken together form the entire contract (“**Contract**”) between you (“**Customer**” or “**you**”) and Bell MTS (a division of Bell Canada) (“**Bell MTS**” or “**we**”). You should review the entire Contract. All of the parts are important and together create a legal agreement that applies to you once you have accepted it. You may also be provided with a critical information summary that sets out key elements of your agreement with Bell MTS. Bell MTS relies upon your word that you have reached the legal age of majority and are authorized to enter into this Contract. To help you to understand your rights and obligations under this Contract, these terms of service are written in a question and answer format.

1. **How do accept my Contract with Bell MTS?** You accept this Contract on the earlier of the date: **(a)** you receive a copy of these terms of service; **(b)** installation has commenced; or **(c)** you access or use Bell MTS Services (see **Section 2**), unless otherwise determined by applicable laws. You understand and agree that you are bound by this Contract, now and in the future.

2. **What is covered by this Contract?** This Contract is for Bell MTS Services. The “**Bell MTS Services**” or “**Services**” (as they will be called in this Contract) include the installation and provision of Internet Services (“**Bell MTS Internet**”), Home phone Services (“**Bell MTS Home phone**”), Internet Protocol Television Services (“**Fibe™ TV**”), and Bell MTS Cable TV and any additional features. Together Fibe TV and Bell MTS Cable TV are called “**Bell MTS TV**”. The Bell MTS Services include additional equipment owned by Bell MTS (including equipment rented from Bell MTS) (“**Bell MTS Equipment**”) that you may need to receive the Bell MTS Services, such as devices, receivers, remotes, SmartCards, modems, routers, accessories, hardware, networks, platforms, certain batteries and/or other products. Bell MTS Equipment does not include batteries owned by you, including those purchased from Bell MTS. The Bell MTS Services covered by this Contract do not include wireless services provided to you by Bell MTS or Bell Mobility.

3. **I subscribe to a Bell MTS Service that is regulated. Does this Contract still apply?** For Bell MTS Services that are regulated by the Canadian Radio-television and Telecommunications Commission (“**CRTC**”) (“**Regulated Bell MTS Services**”), the Tariff located at <http://www.bce.ca/aboutbce/regulatory/tariffs/bellmts> applies in addition to this Contract. If there is an inconsistency or conflict between this Contract and the Tariff, then the Tariff prevails.

4. **What happens if the CRTC stops regulating my Regulated Bell MTS Service?** If the CRTC decides it will no longer regulate a Regulated Bell MTS Service or a feature of a Regulated Bell MTS Service (sometimes referred to as “forbearance”), then Bell MTS will continue to honour the terms of the Tariff as though your Bell MTS Service were still regulated until your term (which is called your “minimum contract period” in the Tariff) expires. After your minimum contract period expires, only this Contract will continue to apply.

5. **What laws apply to this Contract?** Because Bell MTS is federally regulated, this Contract is governed by the federal laws and regulations of Canada, including the CRTC’s Television Service Provider (“**TVSP**”) Code and any provincial laws which might apply to Bell MTS in the province in which your Bell MTS Service is provided.

6. **Can this Contract be transferred?** Bell MTS may transfer or assign all or part of this Contract (including any rights in accounts receivable) at any time. You may not transfer or assign this Contract, your account or the Bell MTS Service without Bell MTS’s prior written consent.

7. **What if parts of this Contract become unenforceable?** If any part of this Contract becomes outdated, prohibited or unenforceable, the remaining terms will continue to apply to you and Bell MTS. Remember that even if Bell MTS does not enforce any part of this Contract for any period of time, the term still remains valid and Bell MTS can enforce it in the future.

8. **Est-ce que je peux recevoir ce Contrat en français plutôt qu’en anglais?** *Vous recevez ce Contrat en anglais car vous résidez en Manitoba. Cette entente est disponible seulement en anglais.*

9. **Can Bell MTS make changes to this Contract?** Yes. Bell MTS may change the Bell MTS Services, and any term of the Contract, including the Fees (see **Section 18**). If required, Bell MTS will give you notice of these changes in writing, at least **30** days before the effective date, using a reasonable method to bring it to your attention, such as by

posting it on bellmts.ca, by including it on or with your bill or by sending it to you by email. This notice will clearly identify the proposed change and the effective date. Also, as required by law, this notice will set out the new term, or amended term and the term as it read before. No other statements (written or verbal) will change or amend this Contract.

10. **What if I want to refuse a change to this Contract made by Bell MTS?** If you want to refuse the change, your remedy is to cancel the impacted Bell MTS Service or the Contract (see **Section 57**).

11. **Can I make changes to the terms of service that are in this Contract?** You may not make any changes to these terms of service. However, depending on the Bell MTS Service you subscribe to and your plan details, you may be able to add or remove certain Services or features. You will need to check your plan details to see if additional fees may apply. For more information about making changes to TV Programming, see **Section 44**.

9-1-1

12. **Are there any times when 9-1-1 is not available?** Yes. Bell MTS Services, including your 9-1-1 service ("**9-1-1 Service**") will not work during network outages, including during planned hardware or software upgrades. As well, third-party communications services or equipment, monitored home security alarms (including AAA Security) or monitored medical devices that use Bell MTS Services as a communications pathway may also not function during network outages.

In addition, Bell MTS's fibre-to-the-home Services ("**FTTH Services**"), including 9-1-1 Service will not work:

- a) during power outages if there is no battery backup, or once the battery backup has been depleted;
- b) if the hardware, including, if applicable, any battery used in connection with the FTTH Services (the "**FTTH Equipment**") has been tampered with, damaged or relocated; or
- c) if the FTTH Equipment fails, is not configured correctly or during a reboot/restart (whether spontaneous or initiated by you) of the FTTH Equipment.

You are responsible for the supply of electrical power necessary for the FTTH Services (including 9-1-1 Service) to work. We recommend you use the battery backup feature in case of a power outage. If you do choose to use the battery backup feature, you are also responsible for the supply of the first battery and any replacement battery unless Bell MTS provides a battery to you as part of the Bell MTS Equipment. A fully charged, working battery offers limited standby time for applicable FTTH Services during a power outage. You may be able to purchase a battery from Bell MTS (which will be Your Equipment (see **Section 46**)). Please note, if you have third-party communications services or equipment, a monitored home security alarm (including AAA Security) or monitored medical device, these services, equipment, monitored alarms or devices may not function during a power outage without the use of the battery backup feature on your FTTH Equipment.

We recommend that you have another way of contacting 9-1-1 Service during a power outage or in the case of equipment failure, for example, a mobile phone.

You are also responsible for the proper maintenance of the FTTH Equipment, including monitoring the battery, ensuring the battery remains charged and replacing the battery, if any, and contacting Bell MTS for technical servicing when prompted to do so or as required, unless otherwise specified by Bell MTS.

To the extent permitted by applicable law, Bell MTS is not responsible to anyone for any inability to access 9-1-1 Service or use the FTTH Services or the FTTH Equipment, or for any interference with, or failure of, third-party communications services or equipment, monitored home security alarms (including AAA Security) or monitored medical devices as a result of the limitations or your failure to comply with the requirements and recommendations set out in this Section 12.

Your Information and Communications Preferences

13. **How does Bell MTS protect my personal information?** Bell MTS's commitment to privacy protection is found at the end of these terms of service. Bell MTS protects your personal information in a manner consistent with our Privacy Policy available at bellmts.ca/privacy and applicable laws. By entering into this Contract, you agree that Bell MTS may share your information with other Bell companies and brands as they exist over time, including: AAA Security, Bell Aliant, Bell Canada, Bell ExpressVu LP (Bell Satellite TV), Bell Media, Bell Mobility, Virgin Mobile Canada, The Source, Cablevision du Nord, DMTS, KMTS, NorthernTel, Ontera, Solo Mobile and Télébec ("**Our Companies**").

14. **Does Bell MTS collect, use or disclose my credit information? Yes, Bell MTS may perform credit checks on you and collect and use information about your credit and payment history from Our Companies, credit reporting agencies or other credit grantors to assess your creditworthiness, update your information, activate Services you ordered, or to assist in collection efforts, all from time to time. Bell MTS may also disclose your credit and payment history with Our Companies to credit reporting agencies and credit grantors to assist with assessing your creditworthiness, and to collections agencies to assist with the collection of monies owed, also from time to time. A security deposit may be required to determine your eligibility for Services should you decline a credit check upon activation (see Section 24).**

15. **How can I be sure that Bell MTS has accurate contact information for my account?** You are responsible for keeping the contact and payment information you provide to Bell MTS (including name, mailing address, email address, address where the Bell MTS Services will be provided to you ("**Service Address**"), phone number, and any authorized users) up to date. If this Contract is cancelled, you will provide Bell MTS with forwarding information for final bills or correspondence if your new contact information is different from the information we have on file. Call us to confirm that the information we have on file is correct. If you do not provide a forwarding address you may forfeit any outstanding credits or deposits on your account.

16. **How does Bell MTS recommend and market products and services to me?** At Bell MTS, we use a number of ways to keep our customers informed about the products and services Our Companies provide. We recommend products and services to you based on your account information, eligibility and your needs and preferences as determined by your purchase and use of our products and services. We may also reach out to inform you of ways to save, new product and service releases, and other useful information using a variety of means, including by sending you commercial electronic messages or calling you. You can unsubscribe from commercial email messages and opt-out from telemarketing messages by visiting bellmts.ca/donotcontact. You can unsubscribe from commercial SMS messages by replying "STOP" when you receive a commercial SMS from Bell MTS. You will continue to receive service-related messages even if you choose not to receive marketing communications. Bell MTS will not disclose your personal information to third-parties to market their products and services without your express consent.

Term and Renewal

17. **How long is my Contract for my Bell MTS Services?** There is no set period unless you and Bell MTS agree to a commitment period (for example, **12** months) (a "**Fixed Term**") for particular Bell MTS Services. At the end of any Fixed Term, Bell MTS will continue to provide the Bell MTS Services to you without a set period, at Bell MTS's then-applicable rates, unless you cancel the applicable Bell MTS Services.

Fees, Billing and Payment

18. **How does Bell MTS bill me for Bell MTS Services?** Bell MTS will bill you monthly, in advance. Upon cancellation, your Fees for Bell MTS Services will be prorated to your last day of service. Please note that a minimum subscription period may apply to certain TV Programming and Premium Sports is subject to specific billing and cancellation rules. See **Sections 45** and **39** for more information. Long distance calls are rounded up to the nearest minute, unless otherwise stated. You must pay all fees due for Bell MTS Services, whether recurring or one-time charges ("**Fees**") and taxes within **30** days of Bell MTS's bill date. If payment is not **received** by Bell MTS within **30** days of the bill date, you will be charged interest from the bill date on the balance owing at the compounded interest rate set out in **Schedule A**, calculated and compounded monthly from the bill date ("**Late Payment Charge**"). Bell MTS

may refer your account to collections agencies as a result of your failure to pay amounts owing to Our Companies, as applicable. Bell MTS may bill you for Fees and applicable taxes up to **12** months after the date they were incurred.

19. **How can I pay my bill for Bell MTS Services?** You can pay your bill online through your bank account or MyAccount (bellmts.ca/myaccount), by cheque (through the mail), with select credit cards, at select Bell MTS authorized dealers or payment centres (where available) or at most financial institutions (a service fee may apply). You may also set up a pre-authorized payment plan through MyAccount (bellmts.ca/myaccount). If you provide a credit card or bank account (or other pre-authorized payment method) to Bell MTS for your monthly payments, you authorize Bell MTS to charge your credit card or debit/charge your account for all outstanding Fees, taxes and account balances due under this Contract, including any applicable Late Payment Charges, NSF charges (see **Schedule A**) and Cancellation Charges (see **Section 58**), and this constitutes Bell MTS's good and sufficient authority for doing so. You confirm that the credit card or bank account is in your name, is valid and has not expired. You must promptly advise Bell MTS if your credit card or bank account information changes.

20. **What if I dispute a Fee on my bill?** If you question or dispute any Fees on your bill, you must do so within **90** days of the bill date; otherwise you accept all Fees. Disputed Fees will not be considered past due unless Bell MTS has conducted an investigation and concluded that the Fees are correct and there is no basis for the dispute. You must pay all undisputed portions of the Fees within **30** days of the original bill date, failing which the undisputed portion of the Fees will be past due and you will be charged, and must pay, the Late Payment Charge for the undisputed portion.

21. **How do discounts or promotions work?** Bell MTS will apply any discounts, incentives or promotions (including promotional bundle or multi-service discounts or credits) to your account while: **(a)** Bell MTS maintains these discounts, incentives, or promotions; and **(b)** you meet the applicable eligibility requirements. Bell MTS may change any discounts, incentives or promotions and the eligibility requirements at any time. Before making changes to your Bell MTS Services (including Programming (defined in **Section 37**) or features), please review applicable restrictions and/or eligibility requirements, as certain changes may result in loss of, or changes to, discounts or promotions. Please note, promotional pricing may not apply to partial billing periods (this means, for example, if a Bell MTS Service is cancelled in the middle of a billing period, you may not receive promotional pricing for that partial billing period).

22. **What additional charges may be applied to my bill?** Bell MTS may charge additional Fees to offset administrative, processing, environmental or service costs for your account (for example, Fees for collections efforts due to non-payment or returned payments, suspension, disconnection or reactivation of Bell MTS Services). These charges can be found on bellmts.ca or in **Schedule A**, and may change over time.

23. **Are there restrictions on Unlimited Internet use? Unlimited use of Bell MTS Internet is subject to the restrictions in Bell MTS's Responsible Use of Bell MTS Services policy ("Responsible Use Policy") set out in Schedule B.**

24. **Will Bell MTS ever require a deposit or interim payment?** Bell MTS may require you to make a deposit if you are unable to provide satisfactory credit information or have unsatisfactory credit history or credit rating. Deposits will earn simple interest based on the overnight rate of the Bank of Canada that is then in effect plus **1.0%** (or such other rate as required by applicable law or as set out in Bell MTS's Tariff), calculated annually from the date customer provides the deposit to the date it is returned. When Bell MTS Services are cancelled or the conditions justifying the deposit no longer apply (typically when you have made six consecutive monthly bill payments in full and on time), Bell MTS will apply the deposit and any earned interest against the outstanding Fees or other amounts you owe to Bell MTS and/or any Bell MTS company referred to in **Section 25**, then refund you the balance of the deposit, if any. In exceptional circumstances, Bell MTS may also require you to pay the Fees and applicable taxes on an interim basis, despite your monthly billing cycle. If this happens, you must pay these amounts on or before the required due date to avoid cancellation or suspension of your Bell MTS Services.

25. **What if I have another account with Bell that is in arrears?** If your account with Bell Canada (which includes Bell Aliant and Bell MTS), Bell Mobility (including Virgin Mobile) or Bell ExpressVu is in arrears, Bell MTS may bill you for, collect or set off any amounts owed to these companies. Bell MTS may also refuse to provide you with any Bell MTS Services if you do not pay amounts owed to these companies.

Responsible Use of Bell MTS Services

26. **How does Bell MTS help to ensure the responsible use of Bell MTS Services?** Bell MTS works hard to ensure the continuous, efficient operation of the Bell MTS Services and enforces the rules contained in Bell MTS's Responsible Use of Bell MTS Services policy ("**Responsible Use Policy**") set out in **Schedule B**. You must comply with the Responsible Use Policy and all applicable laws when using the Bell MTS Services. Bell MTS has the right (but not the obligation) to monitor Bell MTS Services (electronically or otherwise), including your use of Bell MTS Services and the location of any Equipment (see **Section 46**) or Personal Devices (see **Section 41**) receiving the Bell MTS Services. From time to time, Bell MTS may ask you to connect Equipment to a specific network so that Bell MTS may verify its location and you must immediately do so. Bell MTS may monitor or investigate any content, use of Programming (see **Section 37**) or your use of Bell MTS's networks, including bandwidth consumption and how it affects operation and efficiency of the network and Bell MTS Services. Bell MTS may disclose any information necessary to satisfy any law, regulation, governmental or other lawful request from any applicable jurisdiction or as necessary to operate and optimize Bell MTS Services and to protect itself or others and ensure Services are not being used contrary to the Responsible Use Policy.

27. **How do I help protect my Bell MTS account?** You are responsible for the protection of your account(s) and password(s) and for all use of your account, the Bell MTS Services and Bell MTS Equipment by yourself and other users (authorized or not). You must also protect your computer systems, software, and the Equipment (see **Section 46**) from theft, unauthorized use and system corruption. You are responsible to back up and safeguard your data, including your email and voicemail messages. Bell MTS may delete your data if the Bell MTS Service is cancelled, or if you fail to access it within a certain period of time (as determined by Bell MTS). If you have concerns about unauthorized persons ordering Bell MTS Services without your permission, you should investigate the appropriate use of parental controls, passwords and personal identification numbers (PIN) for your account, depending upon the Bell MTS Service you are concerned about.

28. **What am I responsible for if my Bell MTS account is compromised?** You must notify Bell MTS immediately should you suspect unauthorized use of the Bell MTS Services or if Bell MTS Equipment is lost or stolen. You are responsible for payment of all Fees and taxes charged to your account, whether authorized by you or not, which is why it is so important to protect your account and keep account information (including authorized users) up-to-date.

Bell MTS Services

29. **Do I need to do anything to help Bell MTS provide Services to me?** Where required, you shall: **(a)** appoint Bell MTS to act as your agent solely to ensure Bell MTS can provide you with the requested Bell MTS Services, including (if necessary) cancelling services with your current service provider(s) and ensuring Bell MTS's right to access and use the inside wiring at your Service Address; and **(b)** provide Bell MTS (including our third-party agents or contractors) access to your property or premises for installation, maintenance and related purposes, as more particularly described in these terms of service. Bell MTS is not responsible for the state or condition of existing wiring or Your Equipment (see **Section 46**) and may require repairs or modifications in order to install Bell MTS Services.

30. **What if I am experiencing technical issues with the Bell MTS Services?** Please contact Bell MTS for technical support. When providing you with technical support, you agree that Bell MTS (including third-party service providers who may be located outside of Canada) may access, take control of the Equipment by remote control, including the installation and, where applicable, de-installation of certain software. Bell MTS's technical support contact information is set out in **Section 67**.

31. **Are there circumstances when Bell MTS might not be able to provide the Services I ordered?** Unfortunately, yes. The check(s) completed by Bell MTS when you placed an order for Bell MTS Services are preliminary. The performance and availability of the Service may depend on several factors, including the location of Equipment (see **Section 46**), the structure to which the Equipment is attached, the configuration of the Equipment, demands on the network and/or network congestion, weather conditions or even third-party restrictions that Bell MTS does not control. Bell MTS has the right to provide the Bell MTS Service and Bell MTS Equipment that Bell MTS finds better suited to your particular circumstances. Certain Bell MTS Services may not be available and/or offered from time to time and Bell MTS may cancel such services as set out in **Section 62**. Bell MTS may not be able to provide a Bell MTS Service (including certain Bell MTS Equipment) to you up to, including, and after installation or Bell MTS may refuse to provide a Bell MTS Service to you, if in doing so, it would have to incur unanticipated, unusual or

unreasonable expenses (such as securing rights of way or special construction or providing service to certain conference or adult services or to high-cost areas to an extent not supportable by your rate plan and Fees).

32. **I subscribe to Bell MTS Cable TV. What is the difference between Bell MTS Cable TV and Fibe TV?** Certain applications and features are not available with Bell MTS Cable TV (for example, Restart, HD Channels, and access to certain program content and applications). Certain features may also be limited on Bell MTS Cable TV (for example, the number of television streams and signal resolution available). Depending on the location of your home, Fibe TV may not be available to you. You can check to see if Fibe TV is available at your home by visiting www.bellmts.ca/residential/tv.

33. **Do I own the numbers/identifiers that Bell MTS assigns to me?** No. Bell MTS may issue or assign to you certain unique identifiers for the Bell MTS Services (for example, a phone number, IP address, email address, web space URL, host name, etc.). You do not own or acquire any right in any assigned number or identifier. Bell MTS may change, withdraw or re-assign any number, email address or other identifier.

34. **How do I transfer TV and/or phone services (including a phone number that has been provided to me)?** The process depends on whether you are transferring these services (or a phone number) to or from Bell MTS.

a) Transfers to Bell MTS. Bell MTS will request your existing service provider to “transfer-in” or “port-in” your existing assigned phone number and/or transfer your existing TV and phone services (as applicable) if you: **(i)** confirm that you have the right to make the request; **(ii)** authorize Bell MTS to share with your existing service provider your information relevant to the transfer request (which may include personal information); and **(iii)** complete and sign any required request form. You are responsible for payment of fees owed to your existing service provider, including any applicable cancellation charge.

b) Transfers from Bell MTS. Upon your request or at the request of your new service provider, if your assigned account, phone number and/or TV and phone services (as applicable) are active, Bell MTS will, upon cancellation of the applicable Bell MTS Services, process a transfer request (or in the case of a phone number assigned to you, a “transfer-out” or “port-out” request), to your new chosen service provider. You are responsible for all Fees and taxes associated with the transfer from Bell MTS, including any applicable Cancellation Charges (see **Section 58**).

Bell MTS is not responsible for any interruption, disruption or disconnection of any services associated with a transfer request. A transfer request does not include the transfer of any associated services (including voicemails), or Bell MTS Equipment.

35. **Am I responsible for content that I provide in connection with Bell MTS Services?** Bell MTS assumes that you own any content you post, upload, store, transmit or communicate to others using the Bell MTS Services, including data, documents, videos, music, photos, etc. or that you have the necessary rights to use it. You are responsible for this content. Bell MTS is not responsible for the unauthorized use or distribution of this content (including third-party content).

36. **Can Bell MTS use my content?** To provide Bell MTS Services, Bell MTS may need to use, copy, adapt, transmit, display, publish and perform, distribute and create compilations and derivative works from your content. By agreeing to receive the Bell MTS Services, you waive your moral rights and you authorize Bell MTS to perform these activities in relation to your content anywhere in the world, solely as required for Bell MTS to provide you the Bell MTS Services. You acknowledge that Bell MTS may store your content so you can access such content, but that if you fail to access such content within a certain period of time (as determined by Bell MTS), or if the applicable Bell MTS Service is cancelled, Bell MTS may delete such content without notice to you.

37. **What content does Bell MTS provide?** Bell MTS provides content as part of certain Bell MTS Services, including programming packages and subscriptions, personal video recorder (“**PVR**”) services, pay per view (“**PPV**”) services, on-demand (“**On Demand**”) services, interactive services, applications, à la carte programming and any other related Services that Bell MTS provides to you (“**Programming**”). Certain Programming, features and/or services (for example, PVR, PPV, and On Demand services) may not be available with certain Bell MTS Services and/or certain Personal Devices (see **Section 41**).

38. **What are the rules for PPV and On Demand services?** All sales of PPV or On Demand Programming are final. If Bell MTS is unable to provide any PPV or On Demand Programming that you have ordered, upon request, Bell

MTS will credit you the amount charged for that PPV or On Demand Programming. To the extent permitted by applicable law, Bell MTS is not responsible for cancelled events or failure to provide any PPV or On Demand Programming. Certain PPV or On Demand Programming may only be ordered if you also subscribe to other Programming.

39. **What are the rules for premium sports Programming?** When you subscribe to premium sports Programming (“**Premium Sports**”), your subscription may continue from season to season at the then-applicable rate and may be billed on an installment basis. If your subscription continues from season to season, you will be provided with notice of the applicable pre-season cancellation deadline before the season starts, so that you may cancel your subscription without charge. If you cancel after the applicable pre-season cancellation deadline, you must pay the full amount (or any remaining installments) for the season. No credit or refund will be provided after the pre-season cancellation deadline.

40. **Is the Programming I subscribe to always available?** All Programming is provided on a “subject to availability” basis and is subject to change. Certain Programming, including sports events, may be “blacked out” in your area of reception sometimes for copyright or other reasons. Programming may also be discontinued by the Programming provider or subject to temporary interruption due to causes outside of Bell MTS’s control (such as the weather or satellite failure). Any refund or credit for interruptions or unavailability is entirely at Bell MTS’s discretion. Bell MTS will not refund charges or credit you for any blackout period.

41. **Can I watch the Programming I subscribe to on my personal devices or just my TV?** Where permitted by the Programming provider, Bell MTS may authorize you to receive and view select Programming on certain end-user devices such as personal computers, tablets, mobile devices and other supported devices using specified authentication credentials (“**Personal Devices**”), in addition to your TV. **Note, viewing of Programming on Personal Devices may be subject to any data usage charges regularly associated with the use of such Personal Devices. You are responsible for any data usage charges.**

42. **Can I share my Programming and can I watch it anywhere?** The right Bell MTS provides you to receive and view the Programming is for your private viewing at the Service Address provided to Bell MTS and on certain Personal Devices. Other than as authorized by Bell MTS for viewing on certain Personal Devices, you agree not to access, receive, listen to or view (or try to access, receive, listen to or view) any of the Programming outside of your private residence which you listed as your Service Address. You may not share any of your account or authentication credentials (for example, any username or password) that may be used to access any Services, including Programming, with any person that is not currently a resident at your private residence which you listed as your Service Address.

43. **Can I rebroadcast or copy the Programming I subscribe to?** No. The Programming may not be rebroadcast, copied, transmitted or performed in any form, and no admission may be charged or any other consideration received by or for your benefit from any third-party in return for allowing such third-party to listen to or view any Programming provided by Bell MTS. However, you may use PVRs or similar devices for private, non-commercial recording of Programming.

44. **Can I make changes to the Programming I subscribe to?** Yes. You may order new Programming (and obtain information about applicable charges) or downgrade your Programming online through MyAccount (bellmts.ca/myaccount) or by contacting Bell MTS Client Care. For certain changes or if your account is not in good standing, you may not be able to make changes online and should contact Bell MTS Client Care. Bell MTS’s contact information is set out in **Section 67**.

45. **Is there a minimum subscription period for certain Programming?** Yes. Certain Programming may be subject to a minimum subscription period and if so, we will let you know. Provided you have met the minimum subscription period, Bell MTS will deactivate this Programming effective as of the date Bell MTS receives your request and applicable charges will be prorated. No credit or refund will be payable in respect of such cancelled or downgraded Programming. Please note, Premium Sports is subject to specific cancellation rules. See **Section 39** for more information about Premium Sports.

Equipment

46. **Who is responsible for the Equipment I need to use the Bell MTS Services?** You are responsible for the equipment, devices and systems you own, for example, your TV (“**Your Equipment**”) and any Bell MTS Equipment you use with the Bell MTS Services (together, “**Equipment**”) and all associated risks. You are responsible for maintaining safe access to and the security of the Equipment, and any data backup required, is your responsibility. You must take reasonable care of any Bell MTS Equipment and maintain it in good working condition following the manufacturer’s recommendations (“**Good Condition**”). Bell MTS may replace, upgrade or modify the Bell MTS Equipment required for the use of Bell MTS Services, migrate your Bell MTS Services to other networks or platforms, or change its suppliers. You must ensure that at all times Your Equipment meets Bell MTS’s minimum requirements (see bellmts.ca/minreq) to use Bell MTS Services and is compatible with Bell MTS Equipment.

47. **How is the Equipment installed?** All Bell MTS Equipment must be installed and activated by Bell MTS at the Service Address, unless Bell MTS makes a self-installation option available (self-installation may also be available for other Equipment). If you choose any self-installation option, you are responsible for and assume all risks and liability associated with installation and use, including any deviation from any recommendation provided by Bell MTS on the set-up and use of the Equipment. Bell MTS’s installation of Equipment may be subject to installation charges. If you subscribe to Fibe TV or Bell MTS Cable TV, you may activate a maximum of six receivers, respectively on your account at any time unless Bell MTS tells you otherwise. If you miss your installation appointment with Bell MTS, Bell MTS may, in its discretion, charge you a missed appointment fee representing an estimate of damages suffered by Bell MTS as a result.

48. **What happens if Equipment becomes out of date?** Bell MTS may change the minimum requirements for Equipment, in which case you may need to update or replace Your Equipment. If you fail to do so, Your Equipment might not be adequate to access or use Bell MTS Services and your only remedy is to cancel the affected Bell MTS Services. Bell MTS does not guarantee that Bell MTS Services will be compatible with all system configurations.

49. **Does Bell MTS provide software updates?** You agree to Bell MTS installing, modifying or removing Bell MTS (or other) software on your Equipment to the extent such downloads are reasonably necessary for the continued efficient operation of your Bell MTS Services. For example, without additional notice Bell MTS may update or upgrade, modify or remove the software to ensure it remains compatible with and functions properly with any technological improvements to the Bell MTS Services. These installs, modifications, updates or removals may be required for you to continue receiving the Services.

50. **Can I move the Equipment once it is installed?** Unless Bell MTS tells you otherwise, you must not use, alter or disturb any Equipment or the inside wiring in any way that might impact the provision of Bell MTS Services. Remember that additional Fees may apply if any repair or restoration is required unless Bell MTS tells you otherwise.

51. **What are my Equipment options?** Unless purchased outright (as available), the equipment that is needed to receive the Bell MTS Services (for example, TV receivers) will be provided to you on a rental basis. Rented Bell MTS Equipment will remain the property of Bell MTS. Bell MTS may, in its discretion and at any time, replace any part of the Bell MTS Equipment with new or refurbished equipment of comparable functionality. For some Bell MTS Equipment, certain functionality is only available for an additional service fee. Any limited warranties found in the user manuals of any Bell MTS Equipment do not apply to rental equipment.

a) What happens if Bell MTS Equipment is lost, stolen or damaged? When you rent Bell MTS Equipment, the risk of loss, theft or damage passes to you upon the earlier of **(i)** you taking possession of the Bell MTS Equipment; or **(ii)** the completion of the installation by Bell MTS of the Bell MTS Equipment.
